## AUTOMORPHISMS OF MANIFOLDS AND ALGEBRAIC K-THEORY: PART III

American Mathematical Society. Paperback Book Condition: new. BRAND NEW, Automorphisms of Manifolds and Algebraic K-Theory: Part III, Michael S. Weiss, Bruce E. Williams, The structure space  $\mathcal{M}$  of a closed topological  $m$ -manifold  $M$  classifies bundles whose fibers are closed  $m$ -manifolds equipped with a homotopy equivalence to  $M$ . The authors construct a highly connected map from  $\mathcal{M}$  to a concoction of algebraic  $L$ -theory and algebraic  $K$ -theory spaces associated with  $M$ . The construction refines the well-known surgery theoretic analysis of the block..

## Reviews

*Completely essential read publication. It is really basic but excitement in the fifty percent of the book. You will not really feel monotony at anytime of your respective time (that's what catalogues are for about in the event you ask me).*

-- **Lexie Paucek PhD**

*Most of these ebook is the perfect publication readily available. I really could comprehend almost everything out of this created e pdf. I discovered this pdf from my dad and i recommended this book to find out.*
