Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Notes on the Breeding Habits of New Zealand Birds The settlers of New Zealand, so large a proportion of whom are engaged in rural occupations, which plating them in immediate contact with the works of nature, through observation and study ripening into confidential intercourse, will, doubtless, feel deeply indebted to Mr. Buller for his valuable Essay on our Birds, which most interesting division of our Fauna exhibits a notable exception to the comparative dearth of animal life in these islands. When we insider, that from the absence of almost every variety of game, we are barred the enjoyment of those sporting instincts and habits, which are characteristic of our countrymen wherever they may sojourn, the Natural History of our birds may be found an interesting and useful study, wherewith to beguile many a listless hour; wherever our pioneers of civilization are engaged in subduing the wilderness, near the grateful shade of the forest, in tending flocks on the hill pastures, or cultivating the level acres of the plains. Nor is it for the merits of that interesting treatise only that we feel thus indebted to its author; its publication has called forth a critical review of it from the pen of Dr. Otto Finsch, of Bremen. The combined result has been of great advantage to the Student of Ornithology, by the removal of certain doubts and difficulties in the nomenclature, and the presentation of a nearly complete list of New Zealand birds, corrected to a recent date.
