Reviews

It is in a single of the most popular ebook. It really is simplified but excitement in the fifty percent from the pdf. It is extremely difficult to leave it before concluding, once you begin to read the book.

Saint Benedict Press, United States, 2016. Leather / fine binding. Condition: New. Language: English . Brand New Book. Carefully curated and beautifully bound. An uplifting gift! This anthology provides some of the finest Christian verse written during the second millennium of Christianity. All of the great ones are here: Hildegard of Bingen, Francis of Assisi, Dante and Chaucer from the High Middle Ages; Teresa of Avila, John of the Cross and John Donne from the Reformation; English and American Romantics such as Browning and Whittier; late nineteenth-century mystics like Dickenson and Hopkins, as well the great converts of that period like Newman and Chesterton. A conscious attempt was made to meet both the standards of academia and the tastes and sensibilities of the faithful. The selections are arranged chronologically to serve also as a history of verse. Brief biographical and anecdotal introductions reveal the varied relationships of the poets with each other and with the trials and tribulations of their day. This magnificent collection is essential for all poetry lovers for those who respond to the beauty of the written word penned in the service of spiritual truth.
