Brand New Book ***** Print on Demand *****.Excerpt from My System of Education My system is to be considered a system leading up, in a general way, to education. It can be followed not only in the education of little children from three to six years of age, but can be extended to children up to ten years of age. It is not a simple theory, but has been experimented with and put into practice. Its results constitute a scientific proof of its value. Altho the first part of my experiment deals only with children between the ages of three and six years, nevertheless it must be considered as a directive system for the education of all children having attained the school age. In fact, my last experiments, not yet known to the public, have been made on children up to ten years of age, and the same directive system has proven satisfactory. The results were of still higher importance than in the first case with smaller children because richer in practical evidence both in the formation of character and in the attainment of...
