## Compact Clinical Guide to Mechanical Ventilation: Foundations of Practice for Critical Care Nurses

By Sandra Goldsworthy, Leslie Graham

Springer Publishing Co Inc, United States, 2014. Paperback. Book Condition: New. New.. 203 x 127 mm. Language: English . Brand New Book. The only book written about mechanical ventilation by nurses for nurses, this text fills a void in addressing high-level patient care and management specific to critical care nurses. Designed for use by practicing nurses, nursing students, and nursing educators, it provides a detailed, step-by-step approach to developing expertise in this challenging area of practice. The guide is grounded in evidence-based research and explains complex concepts in a user-friendly format along with useful tips for daily practice. It has been written based on the authors many years of teaching students at all levels of critical care as well as their experience in mentoring novice and experienced nurses in the critical care arena. Emphasising the nurse s role in mechanical ventilation, the book offers many features that facilitate in-depth learning. These include bulleted points to simplify complex ideas, learning objectives, key points summarised for speedy reference, learning activities, a case study in each chapter with questions for reflection, clinical pearls, references for additional study, and a glossary. A digital companion includes cue cards summarising challenging practice concepts and how-to procedural...
