### ***Reviews***

*This publication is really gripping and exciting. It really is basic but unexpected situations in the 50 % in the book. It is extremely difficult to leave it before concluding, once you begin to read the book.*

## WHITEWASH

BRILLIANCE AUDIO, 2014. CD-Audio. Condition: New. Unabridged. Language: English . Brand New. Tallahassee, Florida Sabrina Galloway is one of the top scientists at EchoEnergy - a company that has made a successful breakthrough in the quest for an alternative fuel. There is the promise of a cleaner tomorrow, and the economic impact on world markets could be staggering. But in the euphoria of excitement, Sabrina makes an alarming discovery: someone has tampered with the production process, and an eco-disaster of equally staggering proportions is imminent. Toxic waste is leaking into the Florida waterways and the Gulf of Mexico. Washington, D.C. Jason Brill, one of the youngest congressional chiefs of staff, prepares for the upcoming International Energy Summit. Working for influential senator John Quincy Allen, Jason is eager to prove himself. Despite his zeal and admiration for his boss, Jason begins to realize Senator Allen's support of EchoEnergy, as well as his personal friendship with the firm's CEO, may be more of a liability than an asset. Sabrina and Jason have never met, but both are unwittingly drawn into a sinister plot that puts corporate greed and corruption above human life. As the energy summit draws near, Sabrina's determination to expose EchoEnergy's lethal secret has made her the target of silent, faceless enemies. And the net is tightening, held in the relentless grip of powerful shadow players whose identities reach Pennsylvania Avenue itself.
