He had to see and hear what was going on. In that time, he heard Halvards army was about to fall upon Dakes. He would be discovered. When returning to Dakes, he set about preparing to take the ship out, planning to leave Adrianna at Dakes and leaving those twin brats behind. But she was an adept spy and learned of his preparation and wasnt about to be left behind. Zandrax also heard about the many dragons, nearly a thousand. They had only been breeding for eight years. He needed to go somewhere where there were no dragons. He had also heard that people were speculating about other lands all around them. There was the Isle of the Dragons. Why not other islands When Dakes was taken by the army, they learned that Zandrax had taken a ship out of Dakes and was headed east. Now they had to find out where he went. The search was begun anew. This time Dragonriders led the way across the oceans to new lands. Not only was there a massive search for Zandrax underway but a massive exploration started. Search and exploration became one. Major leaders Thon and Holin Silver were in lands named Keloria and Eberlee; Bragan Pelingre and Sladan Silver went to the land they named Heartland; Waldon Graystone opened an island off his coast of Drude then went on to see if there was more land. Others took over exploration led by Kalan Silver, the First Dragon Lord. The hunt for Zandrax was begun. This item ships from multiple locations.
