Llewellyn Publications, U.S., United States, 2017. Paperback. Condition: New. Language: English . Brand New Book. Chris Moon was the first investigator to use the celebrated device known as the ghost box to facilitate real-time two-way communication with the spirit world. In Ghost Box, Chris shares the extraordinary spiritual contacts he's made with the box during investigations of famous haunted locations such as the Sallie House and the The Lizzie Borden House, and when using the box to communicate with Abraham Lincoln and JFK, shadow people, UFOs, and spirits that want to talk during his frequent gallery readings. Based on Thomas Edison's designs for the Telephone to the Dead, the ghost box also called Frank's Box after its designer Frank Sumption has been used to communicate with an incredible variety of spirits and astral beings. This book shares the fascinating story of how Frank's Box came to be and explores the startling truths behind the spirit world's plans and techniques for fostering contact with paranormal investigators, psychics, and people from all walks of life.
