Know right from the start that if you want to earn passive income, this doesn't just happen over night. It might mean essentially that you no longer have to put that much sweat and time into work but certainly that doesn't refer to the beginning of the journey when quite the opposite is true. You have to prepare yourself if you want to switch from the traditional way of making money to the passive one. But don't worry, if you are reading this book, it means you have already started to prepare because the preparation we are talking about is mainly related to research and documentation. What we want is to help you accomplish your objective - and what's that objective, again? To increase and improve the ways your money work for you, to build alternative and additional streams of income so you can gradually cut yourself loose from a rigid system and become financially free. It doesn't mean that what you will take away from this book will make you wealthy instantly but it surely means you will be better equipped to deal with the economic challenges on your way to reaching your goals and more confident that financial freedom is something totally attainable.
