It stated that they were inheriting a servant maintained mansion left to them by an unknown ancestor. Eager to witness, the three brothers, and their sister along with their friends embarked on this journey to see the mansion. They never knew that their deceased mother was the Princess of Hell who escaped death from an uprising that overthrew her father Satan, locking him away. Her passage to freedom came through this mystical House of Shangri-La: a gateway between both worlds. However, once breathing the air of earth their mother became human, then fell in love with a human man, their father and married him over 50 years ago. Unbeknown to the four once entering the house the rebels who had captured Satan over 1000 years hell time would be able to insure their reign by eliminating Satan s bloodline, thinking they could have inherited some of their mother s power, even though their mother became human and then gave birth to them.
