John Hunt Publishing. Paperback. Book Condition: new. BRAND NEW, Maybe the Universe Just Isn't That into You!: Spiritual Responsibility in a Fluffy Bunny World, Colette Brown, You have read the little books of affirmations, done the daily angel/oracle/astrological inspiration thing? Fine.me too! But it has all gone too far. We now have a great swathe of spiritual people who are giving up personal responsibility for their actions and claiming that simple bad decisions are the work of Spirit/God/Universe. It has to stop. Everything is a 'lesson' or a 'gift'. So here is the book that debunks the usual suspects. It shows up what is simply a lack of strength and character when things go so wrong that 'Spirit told me to do it' is simply an excuse for someone looking to avoid facing the truth in their own life. Yes.it's an angry and non-subtle book. It is needed in an ocean of fluffy-bunny rainbows. It is time for the pendulum to swing the other way.
