Little, Brown Book Group, United Kingdom, 2007. Paperback. Condition: New. Language: English . Brand New Book. The brutal assassination of Commissioner Frederick Mackeson on British India s North-West Frontier in 1853 was a bloody and public declaration of a conflict that was to stretch well into the next one hundred and fifty years. The Wahhabi tribe, extreme Islamist fundamentalists, set out to restore purity to their faith by declaring violent jihad on all who opposed them. Their history has long been forgotten and yet their vicious brand of political ideology lives on. The Wahhabi deeply influenced not only the formation of modern Saudi Arabia, but Osama bin Laden and the Taliban. Their teachings educate orphan boys in Afghanistan and press rifles into their hands, for the sake of jihad. The parallels between this pivotal terrorist network and our post-9/11 political climate are staggering. Charles Allen sheds lights on the historical roots of modern terrorism and shows how this dangerous nineteenth-century theology lives on today.
