By Arthur Smith Woodward

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Outlines of Vertebrate Paleontology for Students of Zoology The brief sketch of our present knowledge of extinct vertebrated animals attempted in this volume, is intended for students of Vertebrate Morphology and Zoology who are desirous of examining in detail the palaeontological aspect of their subject The advanced student has long appreciated the necessity for a more extended acquaintance with the facts of Embryology on completing his elementary course: he now begins to perceive that to understand the varied problems aright, he must also enter somewhat minutely into the past history of life on the globe as revealed by Palaeontology. The latter task in most cases proves more difficult than the former, since the trained powers of observation needed for interpreting the remains of organisms embedded in rock are somewhat different from those acquired in the study of fresh tissues and organs. Moreover, much of the essential literature of the subject is contained in unfamiliar works and serials dealing chiefly with rocks and minerals. An elementary handbook, presenting only the broad outlines of this branch of...
