Reviews

This book is really gripping and fascinating. Of course, it is actually play, nonetheless an interesting and amazing literature. You will not feel monotony at anytime of the time (that's what catalogs are for about if you request me).

Blaidd Publications, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The Divine Studio Organization Journal is the one stop tool to get your studio business and ideas together in one spot. There are pages for sketching your ideas, checklists for the business side, keeping track of time spent on a project, research, webpage searches, marketing contacts and so much more. Face it, we artists have a difficult time keeping what is going on in the studio in order. We are creative, not neat. White boards get erased, notes get strewn everywhere and keeping track of daily work is not always an easy task. what should be covered each day and what was accomplished. At the end of the month you can always go back to these pages to answer questions from exhibition owners, clients and remember yourself what was done on a piece. If you put back a project of your own to get a commission done, you can go back over what was needed on it when you get to it again. Ideas your muse inspired are recorded in one spot to pick up when you are ready for another work. The sketches are done in this one spot and not doodled in every notebook or sketch paper available at the moment. Getting your Studio together has never been so easy as using this journal. it is just Divine intervention.
