## Waterloo: New Perspectives: The Great Battle Reappraised

By Hamilton-Williams, David

Wiley, 1994. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: Waterloo: 18 June 1815: one of the greatest and most studied battles in history, now remarkably reassessed to reveal new intrigue, mystery, deceit, lies and error compounded over 175 years. How can this be so and for this book to claim such unique qualities when the event took place so long ago and is the subject of thousands of books? It is possible to make such a claim, and justifiably so. Waterloo had so many political and military implications that barely had the smoke of battle cleared than historians were examining every detail of the conflict. Prominent among these was Captain William Siborne who, while not at the battle, decided to create the definitive model of it. He thus obtained many hundreds of first-hand accounts of the action and movements on the day from the regiments involved. But, in receiving and circulating correspondence to so many people, he quickly exhausted the funds available and sought sponsorship from regiments involved. From that moment on, this "official" model became fatally corrupted. Those providing funds could also ensure their presence on the model and in any position desired,...
