Leading Windows CE developer Chris Muench teaches Windows developers all they need to know to build CE 3.0 applications fast. Start by setting up and mastering the Windows CE 3.0 'Rapier' development environment; then, walk step-by-step through building a robust CE application that utilizes COM components, integrates with Windows 2000 and other Windows desktops, and even provides Internet connectivity. Along the way, developers will learn how to design CE user interfaces, support printing, storage, and remote access; synchronize with desktops via the latest version of ActiveSync; incorporate graphics and audio; even integrate with Pocket Outlook. 624 pp. Englisch.
