DNA Press, United States, 2006. Paperback. Condition: New. Language: English . Brand New Book. Jared believes he s found every kid s dream when he unwittingly steals a miniature spy drone. What he and his sarcastic friend Russell don t realize, however, is that while they are exploring spaces too small for even a mouse or eavesdropping from the coat collar of a criminal, there are others who want the spy drone for their own, sinister purposes and will stop at nothing to get it. Caught between rogue terrorists and an overzealous military intelligence officer, the boys must use the tiny drone to thwart the terrorist s plans and reveal the true nature of the military agent. Based on real technology and bubbling over with spy suspense, this tale of two friends and their discoveries explores the importance of friendship, discerning right from wrong, and the risks it is sometimes necessary to take for justice.
