HOW TO USE TALKING PICTURES IN BUSINESS (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from How to Use Talking Pictures in Business Prosaic as business may be, generally speaking, it has always quickly recognized and liberally enlisted the power of the arts. The skilled hand of the artist has been linked adroitly with the factory wheel, the one to create demand for the product of the other. Radio made its debut as a new medium to entertain, and was quickly recruited to exploit products of factory and mill. Achievements of early photographers were diverted to advertising almost before the daguerreotype was outmoded. Literature itself became, in the early years of our industrial era, a power by which great masses of humanity might be persuaded to choose and use the products of factories. Thus, we have its legitimate descendant - advertising copy. Today, we have in the new art of styling, from packages to gowns, from railway trains to safety razors, a dramatic culmination of the reliance of business on the arts. And so, an art photographer poses an appealing picture of young mother and baby. From his darkroom issues a simple picture story that sends millions of mothers to counters to buy a baby food.
