## THE WAY OF THE WEB TESTER (PAPERBACK)

The Pragmatic Programmers, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book. This book is for everyone who needs to test the web. As a tester, you ll automate your tests. As a developer, you ll build more robust solutions. And as a team, you ll gain a vocabulary and a means to coordinate how to write and organize automated tests for the web. Follow the testing pyramid and level up your skills in user interface testing, integration testing, and unit testing. Your new skills will free you up to do other, more important things while letting the computer do the one thing it s really good at: quickly running thousands of repetitive tasks. This book shows you how to do three things: \* How to write really good automated tests for the web. \* How to pick and choose the right ones. \* How to explain, coordinate, and share your efforts with others. If you re a traditional software tester who has never written an automated test before, this is the perfect book for getting started. Together, we ll go through everything you ll need to start writing your own tests. If you re a developer, but haven t thought much about testing, this book will show you how to move fast without breaking stuff. You ll test RESTful web services and legacy systems, and see how to organize your tests. And if you re a team lead, this is the Rosetta Stone you ve been looking for. This book will help you bridge that testing gap between your developers and your testers by giving your team a model to discuss automated testing, and most importantly, to coordinate their efforts. The Way of the Web Tester is packed with cartoons, graphics, best practices, war stories, plenty of...
