Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Nine stories about Jack, the world he lives in, and some of the people in his life. Would you hunt a demon? What would it take to make you hunt down a whole pack of demons? What if the demons were hunting you? It would help if you didn't have to do it alone; if there was already a group of established demon hunters around to show you the ropes. An A-51 phased plasma pulse pistol operating in a 40 watt range could give you a nice edge against a demon! It would be good to have some mobility. A BMW R nineT Cafe Racer is a pretty mobile motorcycle. Even better when it is also a living creature. You would also be helped by having a main base of operations. The bat guy has a cave, The red cape guy has an ice palace. Jack's home base is at St. Joan's Girls School. Right. I know, but you don't always get to choose where you end up. These stories tell a little about who Jack is, and was, and where he is going, and also about the people he is going there with--it's about them too. He isn't even the focus in a couple of the stories. These stories don't appeal to everyone. They are written from a Catholic/Christian point of view. If that is a problem for you, you may not like these stories. There are psalms, songs, Bible quotes, and a lot of talk about God. Well, ya hunt demons, ya wind up talking about God. Some of the stories are of a heavier nature; not for children....
