HOW TO PROTECT YOUR CHILD FROM HARM AND DANGERS (PAPERBACK)

Createspace, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This modern world is fully plagued with different kinds of problems. There are toxic chemicals that can kill us right away if we mishandle them, there thieves, there are rapists, there are child molesters, there are murderers, there are common and habitual criminals, and the list goes on and on. All these problems put a lot of constraints on the parents in raising their children. One has always to devote time to care and look after these young ones. You have to make sure that your child does not go to wrong places, play with wrong kids, play with wrong things or play in dangerous places. Any contravention of any of these things, spells problems or even death. No one wants that. The readers will find that this book gives them the effective measures to protect their children from these wicked worldly problems. It shows them step by step how to stop their children from becoming the victims of these common problems.
