For once in his young life he had a sense of self-reliance and what a responsibility that truly was. Whatever happened to him on this journey had the power to make him stronger. Or he could let it destroy him. Such are the thoughts of young Bozel, a pivotal new character introduced in Topaz and the Green Fairies, the third installment in the Tales of Topaz the Conjure Cat series by Pat Frayne. In this latest high adventure story we journey to an island in the midst of chaos. Severe storms are threatening to obliterate the home where the Green Fairies have lived for generations. It is up to young Bozel to find help to save his people before they perish. Along the way he encounters numerous obstacles and life changing situations. Bozel must overcome not only his own personal fears and self-doubt, but grave danger as well. At the same time there is trouble for Topaz and the other inhabitants of Knownotten Kingdom. Otis has been injured and is trapped in a desolate land where he finds himself held in the thrall of a sinister creature. When Bozel finally crosses paths with Topaz and his friends the race is on to hatch a daring plan to save the Green Fairies. Topaz will be faced with the ultimate test of strength, courage and commitment to others.
