## LIVING THE 10 RETIREMYTHS: AN UNCONVENTIONAL JOURNEY IN RETIREMENT PLANNING (PAPERBACK)

[DOWNLOAD](#)

BookBaby, 2017. Paperback. Condition: New. Language: English . Brand New Book. What s a RetireMyth? It s a belief you might hold about life after retirement, only to find out once the party s over that it s not at all what you expected. If you thought you could keep working, win the lottery, depend on your children to support you, or live your current lifestyle on Social Security, you just might be a victim of the RetireMyth. If that s the case, this book was written for you. Over an intense three-year period, Judy Ann Michael watched her career dissolve (taking her six-figure salary with it), lived in a retirement center to help her aging father through an illness, and took a much-needed Pre-Retirement Timeout to re-assess her future. She used her time off to rest, but also took a hard look at her future and what would be required of her, both personally and financially. Like many Baby Boomers and Gen-Xer s facing retirement, she felt uncertain about her financial future. After a failed attempt at starting an internet training business and facing brick walls as she applied for over 75 jobs, Ms. Michael experienced how difficult it was going to be to fund her current six-figure lifestyle and her retirement. Using desperation and determination, she embraced the need for a simpler life, downsizing from an expensive home to a small apartment and ridding herself of over half of what she owned. Simplifying her life turned out to benefit her physical, mental, emotional and financial health and she includes specific steps on how to embrace your own simplified life. She used her 30 years of business acumen to address her finances. After solving complex financial problems for over 50 large organizations, she realized she could use the same...
