Brand New Book. Excerpt from The Food Inspector s Handbook: A Practical Guide for Medical Officers of Health, Meat Inspectors, Army Officers, Students, and Others The author will be happy to give particulars or authorities in regard to any matters dealt with, and will be grateful to correspondents drawing attention to any inaccurate state ment or literal error. The illustrations, most of which were drawn by the author, have not printed as well as he expected, doubtless through his imperfect knowledge of all the requirements of the process of reproduction. However, it is hoped that they are sufficiently clear in every case to show the form intended, and that is really all that is needed.
