Aryan Books International, 1999. Hardcover. Book Condition: New. First edition. The Satavahanas (Andhra or Andhra-jatiya of the historical sections of the Puranas) occupy a pre-eminent position in early Deccanese history comparable only to that of the Kushanas of North India who were almost contemporaries. However, despite scholarly efforts for over a century and half, numerous basic issues appertaining them including the original seat of their power, total duration of their rule and number of monarchs of the imperial line and chronology, especially the epoch of their rise to power, not to speak of minor problems, have continued baffling historians for long for want of dependable data. The present volume represents a cooperative effort of known authorities to highlight and solve these issues in the light of fresh evidence as well as a reinterpretation of the known data occasioned by this new material. Also included in this volume are important contributions on numismatics, epigraphy, and cultural and archaeological facets. These writings have turned the volume into an indispensable source-book for students of Satavahanas and Deccanese history in particular and early Indian history in general. Hopefully it would be found interesting and thought-provoking by discerning readers. Table of Content Preface, List of Illustrations, Abbreviations, Contributors and Participants, 1. Puranas on the Satavahanas: An Archaeological-Historical Prespective - Ajay Mitra Shastri 2. Simuka was the Son of Satakarni - P. V. Parabrahma Sastry 3. The Satavahanas in Literature - (Late) S.B. Deo 4. Greek and Latin Texts on the Andhras - B.N. Mukherjee 5. The Satavahana Epoch: An Ecological Perspective - M.K. Dhavalikar 6. Satavahana: Sata-Vaz and Vaja-Sati - V.S. Pathak 7.
