The Beecham Manual for Family Practice

By -

Springer. Paperback. Condition: New. 232 pages. Dimensions: 11.0in. x 8.3in. x 0.6in. The original Beecham Manual for General Practice was produced by Dr Selwyn Carson, of Christchurch, New Zealand, whose objective was a set of instructions for patient care for his practice team. Beecham Research Laboratories published and distributed it. Dr Ed Gawthorn of Melbourne, Australia, edited an Australian version again published and distributed by Beecham Research Laboratories. We were invited to adapt the New Zealand and Australian editions for British readers -but we decided that we should produce an entirely new Manual. This was done and it was published and distributed to general practitioners by Beecham Research Laboratories. This latest edition has been revised and updated. The Manual is a ready reference on planned care of certain age groups and situations; specific procedures and emergencies; and clinical care in general practice of important conditions. We have intentionally adopted a concise didactic style that should be helpful for trainers, trainees and members of the practice team. We thank Beecham Research Laboratories, and especially Ed Stanford and Bill Burns, for their support and help over many years.
