Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Ecce Spiritus: A Statement of the Spiritual Principle of Jesus as the Law of Life TO one who watches the revolutions of religious thought, without any faith in human progress or ability to see beneath the shifting surface an underlying principle ever tending toward harmony and positiveness of result, there must be much of discouragement. It has been the sad duty of modern times not to inaugurate, - for the tendency has long been latent, - but to carry out to full effect the battle against time-honored comforts and sacred associations, a duty from the sadness of which no one has been able wholly to escape. Those who would not fight must perforce witness the battle, and share, if only incidentally, in its sorrow. Even to stand aloof in such age is to be disturbed and unsettled by the din of intellectual warfare, and choked and blinded with the smoke of controversy; while so-called liberalism, beyond its own inner struggle and loss, has suffered under the added necessity of bringing pain to others.
