Reviews

It is one of my personal favorite books. It is one of the most incredible ebooks I have ever gone through. You will not feel monotony at any moment of your own time (that's what catalogues are for relating to if you ask me).

Paperback. Condition: New. 257 pages. Lifecycle Services is a new offering from Microsoft that changes everything related to the lifecycle of the Dynamics AX projects - allowing you to track and manage not only the Implementation phase of the Dynamics AX projects, but also manage the Pre-Sales phase as well, incorporating in the prospects into the project. Because this is a cloud based service, there is no additional software that needs to be loaded in order to give prospects and customers access to all of the information that is available through this service, and also this is a tool that is available for any Customer and Partner that is registered with Microsoft for free making it impossible not to use. When you roll in the ability to upload Business Process Flow recordings directly from Task Recordings, the ability to have Issue and Customization tracking on-line, and even link with Azure to create test and sandbox environments on the fly with no additional hardware investments, this is a extremely powerful set of tools to take advantage of Although we wont be able to show all of the bells and whistles available within this product (because it is literally being enhanced daily) hopefully this book will give you all an idea of the features and functions and also show you how easy it is to use within your own project. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
