Excerpt from Family Living in 25 Farm Homes of Askov, Pine County, Minnesota, for the Year Ending December 31, 1925: A Preliminary Report Owing to their omission from the records Which were kept, data on the value of garden produce (excluding potatoes) and fruits furnished by the farm for home use were obtained as estimates of the value of these foods used during the year. During 1926 a list of vegetables and fruits commonly grown in the locality was checked over item by item, with each of 20 to 25 families to determine the amounts of those commodities used. The average value of garden produce and fruits obtained in this way, \$37 per family for 20 families, was regarded as typical or representative for the 25 families.
