The Smart Method Ltd, United Kingdom, 2014. Paperback. Book Condition: New. 295 x 208 mm. Language: English . Brand New Book ***** Print on Demand *****.This Excel 2013 book is very, very different to any other computer book you have ever read. The Smart Method provides an entirely new and better way to learn Excel 2013. Here are just four of the many ways in which this book is unique: The book will equip you with excellent Excel 2013 skills, good enough to impress any employer, but it doesn't confuse by attempting to teach skills that are not common in the workplace. Only users who have advanced requirements need progress to the Expert Skills book. Instruction is logically structured into sessions and lessons. While this makes the book ideal for self-instruction, you can also use it to run your own, highly effective, adult training courses. Every lesson is presented on two facing sheets of A4 paper (the pages are much bigger than in any other Excel book). Each lesson has a sample file that models a real-world business problem. You'll immediately appreciate the value and relevance of each skill as it is taught. Both IT professionals and absolute beginners will love this book because it avoids needless technical jargon and concisely explains everything you need in a simple and no-nonsense way. From the Back Cover Amongst other things you'll learn how to: Use the new Excel 2013 Flash Fill feature to split and concatenate text Use the new Excel 2013 Apps to add new functionality to worksheets Use the new Excel 2013 Cloud Computing features to share data Use the Versions feature to recover lost data Understand absolute, relative and mixed cell references Create stunning, professional, presentation-quality charts Use the Themes feature to create visually excellent worksheets Use Sparklines to visually represent large data...
