## Standard Polyphase Apparatus and Systems (Classic Reprint)

By Maurice an Oudin

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Standard Polyphase Apparatus and Systems The development of polyphase apparatus and the application of polyphase systems to the solution of engineering problems, have been so rapid and varied of late, that there is no available literature on the subject which is at once practical and up-to-date. The excuse for this little book is the demand for information, in a convenient form, on the characteristics and uses of the various types of polyphase apparatus, and on the actual working of the several polyphase systems now sanctioned by the best practice. These notes are intended for electrical engineers, central station men, and others who talk about, operate, or are interested in polyphase machinery. While a certain general acquaintance with alternating-current apparatus is presupposed on the part of the reader, the author believes that the reader whose experience has been confined to direct-current machinery, will, nevertheless, experience no great difficulty in reading and understanding this book. In view of the amazing increase in number and magnitude of installations for the transmission of power by polyphase currents, this book...
