Research shows that consumer conversations, client happiness and empowered employees are the pillars of growth in a successful company. However, many organizations make decisions that contradict these findings and hamper their prospects of expansion. The Conversation Company will help your organization become a business in which people are the key driver of growth, sharing engaging content and building the company's culture and business objectives. People now expect any brand to have a human face and you need to define a clear set of values for both employees and customers, incorporating them in your marketing so that all company communication reflects the DNA of your organization.
