A, Vol. 8: Official Organ of the United Farmers of Alberta, the Alberta Wheat Pool and Other Provincial Marketing Pools; March 1st, 1929 The third question the Premier had asked himself was: Can the Provincial Government give to either road its logical development in the way of coast and other outlets? The answer was again in the negative. NO Provincial Government would be justified in building out let roads across other Provinces. It was better to get these roads into the hands of organizations who were equipped to render these services. The same argument held good with regard to extensions. The Government could not undertake burdens of this nature without crippling other Provincial activities of a more imperious character. Such as education health services, roads, etc. Which could not in the nature Of things be turned over to any other authority.
