Authentic Media, United Kingdom, 2008. Paperback. Condition: New. Language: English . Brand New Book. This book gives an essential framework for creating church in the 21st century. It is a call to think and work outside the box of recent church in bold and risk-taking ways. Through telling the story of one of the first fresh expressions of church in England, the Net in Huddersfield, this book examines the key issues related to a future of mission, evangelism, church and community. It is an honest account that examines not just the ups but also the downs and clearly shows what the church learnt about community and how being community is never easy.
