Audible Studios on Brilliance, 2017. CD-Audio. Condition: New. Unabridged. Language: English . Brand New. The general public has never heard of Jack O Dell. But many of those who worked with him in the 50s and 60s consider him the unsung hero of the Black Freedom Movement. Victor Navasky, the longtime editor of *The Nation* and author of the acclaimed book *Kennedy Justice*, drawing on secret government files and interviews with O Dell himself, seeks to correct that historical oversight. O Dell, at one time a close confidant of Martin Luther King Jr., was described by J. Edgar Hoover as the number five Communist in the United States, cited as a reason for the wiretapping of MLK, and was subsequently forced out of King's inner circle. In this compassionate and vivid biography, Navasky reveals O Dell's unique organizing capacity and brilliant mind while lamenting what American society, obsessed by the so-called Communist menace, lost by disqualifying him from being an open and visible contributor to the civil rights movement.
