

Clinical Chemistry: Quality in Laboratory Diagnosis

By James H. Nichols, Carol A. Rauch, Michael Laposata

Demos Medical Publishing. Paperback. Book Condition: new. BRAND NEW, Clinical Chemistry: Quality in Laboratory Diagnosis, James H. Nichols, Carol A. Rauch, Michael Laposata, As with other volumes in the Diagnostic Standards of Care series, Clinical Chemistry focuses specifically on understanding potential problems and sources of error in management of the clinical chemistry testing procedures, how to anticipate and avoid such problems, and how to manage them if they occur. The discussions are concise, practical, specific, and problem-based so the book directly addresses the situations and issues faced by the clinical pathologist or other manager or staff member of the chemistry team. Discussion of each problem is augmented by a case discussion giving a real-world example of how the issue can occur and how it can be effectively dealt with by the manager. The goal is to support the pathologist, manager or technologist in providing the highest possible quality of care and effective, timely consultation to the clinical staff. Clinical Chemistry: Diagnostic Standards of Care features: Comprehensive coverage of key issues in achieving quality in all areas of clinical chemistry Includes chapters dedicated to point of care testing, paediatric testing, laboratory information systems and EHR integration, and outreach testing Numerous case...

Reviews

This written book is great. I am quite late in start reading this one, but better then never. You will not really feel monotony at at any moment of your time (that's what catalogues are for about when you check with me).
