LuLu is a bunny who is learning that families don't always look the same. Whether you have droopy ears or pointy ears... a fluffy tail or a long, waggy tail... family is all about the love that's in your heart. A bunny adopted by a family of pugs, LuLu learns that she may look different than her family members and she may not even be able to do all the same things they can do, but when it comes right down to it, the things that make them family don't have anything to do with those things at all. Throughout funny mishaps and lots of loving reinforcement, LuLu learns that family is all about love, acceptance, and being there for each other. A great teaching tool and a fun format, this book is a wonderful way for young children to learn about adoption, blended families, and how to recognize their own unique gifts. This item ships from La Vergne, TN. Paperback.

### Reviews

*Without doubt, this is actually the best job by any publisher. It is written in basic phrases instead of difficult to understand. You will like the way the author publishes this publication.*

*This pdf is wonderful. We have gone through and so I am certain that I am going to go back to study yet again once more in the future. It has been developed in an exceedingly straightforward way which is merely after I finished reading through this pdf where it really transformed me, modified the way I think.*
