## Clang!: Ernst Chladni's Sound Experiments (Paperback)

By Darcy Pattison

Mims House, 2018. Paperback. Condition: New. Peter Willis (illustrator). Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. What if your science experiments were so interesting that even an Emperor wanted to know more? In 1806, scientist Ernst Chladni (KLOD-nee) left Germany for a three-year road trip, entertaining Europeans with his science. He made wires, columns of air, and solids vibrate. He wrote about this in his native German language, but his French scientist friends wanted to read about it in French. How could he get the cash he needed to write his new book? In February, 1809, Chladni's friends took him to the Tuileries Palace. This elementary science picture book dramatizes the exciting meeting between a German scientist and French Emperor Napoleon Bonaparte. Like Bill Nye, the Science Guy today, Chladni popularized science. But during his work as an entertainer, he struggled to find the time and finances to do actual research. This story provides a glimpse at the life of Ernst Chladni, the Father of Acoustics. It's an amazing example of how scientists collaborate internationally. The story is based on Chladni's own description of the event.

### Reviews

*Good electronic book and valuable one. It is one of the most incredible publications we have read through. It is extremely difficult to leave it before concluding, once you begin to read the book.*

-- Mrs. Bridgette Rau MD

*A must buy book if you need to add benefit. It absolutely was written very properly and valuable. I found out this book from my i and dad advised this ebook to find out.*

-- Amanda Larkin
