

U.S. National Security Implications of Chinese Involvement in Latin America

By R. Evan Ellis, Strategic Studies Institute

Lulu.com, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.In this monograph, Dr. Evan Ellis seeks to do several things. He documents and examines the character of the new and increasing Chinese engagement in the Western Hemisphere. He then takes the analysis a step further by examining some of the potential dynamics of the Chinese engagement and its consequences for the long-term security interests of the United States. Dr. Ellis argues that China is both a significant competitor, and a potential partner of the United States in the region. Although he argues that China increasingly will vie with the United States for the hemisphere's resources and political allegiances, he also notes that China's growing dependence on its trade and investment in Latin America will give it security and stability interests that coincide with those of the United States. At the same time, the author warns that the combination of competition, trade, investment, political interests, and concomitant Chinese population increase in the region is likely to change the economic structure.

Reviews

It is just one of the best ebooks. I was able to comprehend everything out of this composed PDF. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Ocie Hintz**

The ebook is fantastic and great. I am quite late in starting reading this one, but better than never. I am just effortlessly enjoying it.
