

Foreign Affairs and the EU Constitution: Selected Essays (Hardback)

By Robert Schütze

CAMBRIDGE UNIVERSITY PRESS, United Kingdom, 2014. Hardback. Condition: New. Language: English . Brand New Book. Foreign affairs are border affairs - in a geographical and a constitutional sense. They are traditionally subject to distinct constitutional principles, for the political questions posed might not be susceptible to legal answers. And yet, in our globalized world, the orthodox distinction between internal and external affairs has lost much of its clarity. The contemporary world is an international world - a world of collective trade agreements and collective security systems. The European Union - as a union of States - embodies this collective spirit on a regional international scale. But what is the relationship between this new European legal order and the old legal order of international law? When can the Union act on the international scene and, if so, how? Foreign Affairs and the EU Constitution brings together a collection of outstanding essays on external relations written by one of the leading constitutional scholars of the European Union.

Reviews

This written book is great. I am quite late in start reading this one, but better then never. You will not really feel monotomy at at any moment of your time (that's what catalogues are for about when you check with me).

-- **Abe Reichel DDS**

This publication is wonderful. I actually have go through and i am sure that i am going to going to study once more once more down the road. I am easily could get a enjoyment of studying a written book.
