Reviews

These kinds of book is every thing and helped me hunting forward plus more. It is probably the most remarkable book we have read through. It is extremely difficult to leave it before concluding, once you begin to read the book.

NEW STATE, MODERN STATESMAN: HASHIM THACI - A BIOGRAPHY (HARDBACK)

Biteback Publishing, United Kingdom, 2018. Hardback. Condition: New. Language: English . Brand New Book. In a period when Western military engagement has unleashed violent sectarianism global terrorism, and become a catalyst for the biggest exodus of migrants since the Second World War, the 1999 Nato intervention in Kosovo remains a unique and shining example of a process that led to a peaceful transition from vicious ethnic war to modern democracy. Less than twenty years ago, a young ethnic Albanian student leader called Hashim Thaci, led a revolution against Slobodan Milosevic, the Serbian tyrant with the biggest military force in Europe, and convinced the West to bomb Belgrade out of Kosovo. The aerial bombardment beckoned a period of unrivalled peace in the Balkans which Western leaders who sought to subsequently overturn other tyrannies in foreign lands would view with envy as a rare successful model. Nato intervention in Kosovo, led by Tony Blair and Bill Clinton, resulted in democracy and the rule of law. By contrast, however, attempts by George W.Bush to effect regime change in Iraq and Afghanistan, and by America, Britain and France to do the same in Libya, have left lethal power vacuums filled by Islamist insurgents, and brought about the downfall of Western leaders themselves. This book is the story of the rare success of Western military intervention and the first biography of the new President of Kosovo, the youngest country in Europe.
