Pearson Education (US), United States, 2009. Hardback. Book Condition: New. 10th Revised edition. 229 x 180 mm. Language: English . Brand New Book. This generalist social work practice text uses a strong theoretical framework for social work practice with diverse populations in both urban and rural settings. The authors blend ecosystems and client-centered empowerment to develop a model to working with diverse populations. By using this model, students will learn how to effectively work with diverse individuals, families, groups, organizations, and communities. The text incorporates CSWE requirements for learning the knowledge, skills, and values that are the foundation of social work practice at every level of practice. The two companion texts, *Generalist Social Work Practice with Families* and *Generalist Social Work Practice with Groups* also use the same model to present more in-depth content. The group text includes generalist practice with organizations and communities. Thus, the trilogy of texts covers the entire generalist social work practice curriculum using the Johnson/Yanca model.
