Reviews

Good electronic book and useful one. It usually does not expense a lot of. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Annette Boyle)

WHEN YELLOW LEAVES

Spuyten Duyvil Publishing. Paperback. Condition: New. 328 pages. Dimensions: 7.5in. x 4.7in. x 0.8in. James Reiss's madcap miscellany of Americana features a young photographer's wide-angle view of his family versus the camera-shy tyranny of a dictator known as Guvna Brush. Reiss's panoramic picture of the Wild West is as far out as his battle scene between men on mopeds and horsepeople with a taste for freedom and fine wine. Sentence by sentence, this is more than a lively read; it could be the story of our lives. Praise for James Reiss In Reiss. . . memories are like pictures cut out of magazines, inertia and insomnia are the two forms of life. Pursued by the same phantoms, which reappear on the telephone, in sequential rooms, in snapshots, in slides, Reiss writes them down in an accomplished plain style. The New York Times Book Review All in all, this is an impressive. . . book, solid rather than flashy; it does not make grand pronouncements but has. . . what Howard Nemerov called great primary human drama. The New Republic Reiss writes with urgency and zing. He travels through time and distance, using brand names and the heroes of pop culture as touchstones of American life: Uneda Biscuits, Groucho Marx, Jay Silverheels, Wonder Woman, Batman, and Life Savers. . . There isn't a dull page in the book. Library Journal Filled with the unpredictable details that fill city life, Reiss. . . carries the reader along, like fellow passengers in the express subway car, traveling through familiar (sometimes not so friendly) locales while following the poet's train of thought. . . . Whatever slice of life he chooses, Reiss's typical American experiences come through: fresh, affectionately direct, touchingly true. Booklist Joining in the spicy and sensual. . . Reiss spans Mexico,...
