Audible Studios on Brilliance, 2016. CD-Audio. Condition: New. Unabridged. Language: English . Brand New. Every American president, when faced with a crisis, longs to take bold and decisive action. When American lives or vital interests are at stake, the public - and especially the news media and political opponents - expect aggressive leadership. But, contrary to the dramatizations of Hollywood, rarely does a president have that option. In *Presidents in Crisis*, a former director of the Situation Room takes the listener inside the White House during 17 grave international emergencies handled by the presidents from Truman to Obama: from North Korea's invasion of South Korea to the revolutions of the Arab Spring, and from the 13 days of the Cuban Missile Crisis to the taking of American diplomats hostage in Iran and George W. Laying out the key players and personalities and the moral and political calculations that the leaders have had to make, he provides a fascinating insider's look at modern presidential decision making and the fundamental role in it of human frailty.
