Createspace, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Did you know there are forces at work around the world, and within our own government that want to destroy the sovereignty and freedom of the USA? We have a president who is dismantling the balance of power between the Executive, the Legislative and the Judicial branches of government established in our US Constitution. With a misuse of executive orders and a previously-unheard-of-number of special advisors, Obama is circumventing Congressional approval, and lecturing the Supreme Court on how to make decisions affecting the very laws of our land. Obama and his highly-organized and extremely well-funded supporters are working together to fundamentally transform America into a country that our Founding Fathers would not recognize. Through savvy use of the media, and the revolutionary playbook, Obama and his cronies ridicule and belittle anyone who challenges what they say or do. The familiar charge of racist is being used now more than any other time in our country. With the Communist Party of the USA supporting him and the Islamic Supremacy group, the Muslim Brotherhood, holding high and sensitive positions in the administration, even the FBI has been brought to heel. Obama s primary financial backer, the infamous George Soros, has long been dedicated to a One World Government. It appears that Obama is following his puppet master down the road that will make the USA just one of many countries under the control of that international One World government. Only patriotic Americans working together can stop this downwards slide and prevent anyone from Killing the Constitution.
