Deka-BC. Condition: new. We are happy to present the Music Folders from the "Golden Library of the Pedagogical Repertoire". For your convenience, the music material is classified by genre and level of difficulty. Each folder contains works of a certain genre. For example: etudes, polyphonic and other pieces, large-scale forms, ensembles, etc. By the number of the Music folder, you can determine the difficulty level of the repertoire. For example: Pianist's music folder No. 1 is intended for the initial stage of training, and Nos. 2 and 3 contain a repertoire of medium complexity. The repertoire of the Pianist's Music Folders No. 4 and 5 is intended only for advanced students, and the sixth and seventh folders expand the presentation of teachers and students about the piano repertoire of various complexity of Russian composers of the 19th and 20th centuries. The repertoire of the Music folders fully meets the requirements of the first stage of musical education, and the compositions from this repertoire will accompany the student throughout all his life, regardless of whether they choose the path of a professional musician. The volumes of the "Golden Library of the Pedagogical Repertoire" are compiled and edited by the professors of the Tchaikovsky Moscow State Conservatory and the Gnessin Russian Academy of Music.
