NEW PHYSICS FRAMEWORK (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. New Physics Framework proposes physical models of the photon and electron and more complex derivatives, namely proton, neutron, atom, molecule, and gas structures. Physical models are also proposed for the four fundamental forces. Establishment of all of these models is based on the substantiation of the electron model and its derived mathematics. By understanding and substantiating the electron model,...
