Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This collection of poems and photographs invites the reader on a deeply felt, sensitive and insightful journey of a soul s growth through seasons of life. Notice a rosebush that blooms whether or not people notice, trees that join earth with sky, a lost little girl, glints of gold suspended in a lake, the call of distant stars - all part of the journey. The path of a soul s growth, like a labyrinth, folds over itself and retraces familiar steps in an unfamiliar way. It s a progression in reference point over time. We revisit earlier scenarios and see them from a different point of view. Join the author in this journey as it winds outward, and also takes us within, to the core of our self. The seed place. This collection of insights, offered from that seed place, falls loosely into a cycle of seasons as well as cycles of growth. May these insights provide some light for the reader s own journey. Genie Lester, editor of Infinity Limited says: Nancy Schluntz is a keen observer of two worlds, the physical and the metaphysical. In her poetry she shares with us her insight about the ways in which these worlds interact. Her work brings into consciousness unspoken understandings of the patterns of life and nature. This is a book for moments of quiet pleasure.
