Reviews

A brand new electronic book with a new standpoint. It is written in basic phrases rather than confusing. It has been designed in an extremely basic way which is merely right after I finished reading through this publication where it basically altered me, change the way I believe.

Springer-Verlag GmbH Aug 2016, 2016. Buch. Condition: Neu. Neuware - This superb two-volume set will assist dental practitioners and endodontic trainees and specialists in planning and executing the management of any endodontic case from first principles. Clear guidance is provided on diagnosis, pathology, treatment planning, preoperative management, and the full range of essential treatment strategies. Clinical procedures are described step by step and key concepts emphasized with the aid of a wealth of high-quality illustrations and photographs. Examples of best practice are documented by means of clinical case examples, and the provision of concise tips and recommendations ensures that the reader will quickly be able to find solutions to any one of the myriad of endodontic challenges with which he or she may be confronted. In addition, the most relevant literature is reviewed in order to support and reinforce the discussed clinical concepts. The described clinical decision-making and treatment strategies are all grounded in a sound scientific base, but the pitfall of excessive theoretical information is avoided. This Set includes: 'Endodontic Diagnosis, Pathology and Treatment Planning - Mastering Clinical Practice' and 'Endodontic Treatment, Retreatment, and Surgery' 784 pp. Englisch.
