Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Government and Politics of France This volume by Professor Sait is the only work in English that describes the structure and practical working of the French government of today; for the textbooks hitherto used in our colleges were published a quarter of a century ago and have not been adequately revised. Much has happened in that quarter of a century. In certain directions French institutions have been profoundly modified, even transformed. For example, the party system, with its annual delegate conventions and its hierarchy of committees, has gradually taken form in the past fifteen or twenty years.
